SF BARON 17th

S F BARON 17TH - This cover page bull is the most outstanding individual Swanson Bros. have ever produced. He is a son of Scotsdale Baron by Kirkton Baronet. His dam, Divide Susan 8th, is by the champion, Divide Prince Peter. Swanson Bros. are retaining this great young bull and ten of the choicest females in this sale sell mated to him.

Welcome to the 3 in 1 Sale

Our Initial sale a year ago was so well recieved by so many buyers that it has encouraged us to again offer you our very top productions of three choice herds, in one big major selling opportunity.

The offering includes 12 bulls, nearly all ready for heavy service and by far the most outstanding group of bulls we have ever produced. There will be 38 females including three cows with calves at foot, 27 bred heifers and eight open heifers.

We have continued our policy during the past year of adding several outstanding new herd sires. Not only outstanding individuals, but animals backed by the most potent blood of the breed today. As a result, we honestly feel that we can offer you as much top breeding in this sale as you can secure anywhere.

We hope you will study the descriptions of the 50 lots we are offering in this sale as well as the pedigrees of the outstanding bulls they are sired by. Be sure to check the pictures and breeding of our three newest herd sires, Scotsdale Broadboy, by OAC Mayflower's Ransom; Sierra Excellence, the 1948 grand national grand champion bull and the recently imported Kair Commando by one of Scotland's present day great sires Beaufort Boludo.

Again, we extend to everyone an invitation to be our guests on October 4th.

Each year they get Better . . .

It has seemed to me many times that where Short-horn breeders conveniently located could coordinate their breeding programs around the joint use of herd sires it would result in the use of better bulls in those herds. This is exactly what has happened in the case of the three breeders who have provided this excellent offering. They have acquired more outstanding herd bulls than any one of the three alone would have felt they dared to do. As proof of the soundness of their program all you have to do is to take a look at the quality of calves they are producing today sired by the good bulls put in service during the last three years.

I would like to call particular attention to the good set of bulls in this offering. They are way above average and the females too, are the kind that you will be proud to take home with you.

For sound consistent conformity to the ideal of economic beef production, I believe you can use some of these good cattle in your breeding program.

His dam is a daughter of the famed Cruggleton Perfect, sire of this years Perth Champion. He is the sire of two bulls and two heifers that sell in this sale and six females sell mated to him, including one of the most outstanding individuals we have ever offered for sale.

There will be 2 sons of Scotsdale Admiration and 13 daughters in this sale. We had the misfortune to accidentally lose this sire but not until after we were able to secure a great deal of beneficial service from him. He was purchased at the top price at the 1947 Toronto Sale. He was sired by Calrossie High Finance, recently returned for use in the Glastullich herd.

SIERRA EXCELLENCE - Was the 1948 grand champion bull at the Grand National Show in California as a senior calf, where he was shown by Hal Williams, Madera, California. SCOTSDALE BROADBOY

We purchased this son of OAC Mayflower's Ransom from S. G. Bennett, Georgetown, Ontario, Canada, last fall. Mr. Bennett very appropriately named this bull because we think he is one of the thickest and ruggedest bulls we have ever seen. He is a son of the noted OAC Mayflower's Ransom and out of Imported Saltoun Broadhooks Gem by Calrossie Renown by Calrossie Randolph. He is pictured here as a twelve months old calf. Now as a strong two year old he exhibits even more depth, thickness and substance.
